

Forsyth's Triathlon Series 2014 – 15 Race 3 Report

The third race of the Forsyth's Triathlon series was held at TAS on another balmy Sunday morning.

14 individuals and 3 teams participated in the Long Course. Welcome to some first time (this season) competitors Sam Maroulis and Matthew Scott and also to the teams who participated for the first time, though there may have been some team name changes since Race 2??

For the men in the long course congratulations to: Jack Parker (Junior), Hayden Freeman (17-34 years), Alex Thomas (35 – 49) and Stuart Hutton (50+). Commiserations to Nathan Friedman who limped home after suffering a flat near the tip on the way out.

In the women's division congratulations again to Suzy Ross who despite not feeling 100% still finished in a competitive time.

Again this month we had a 'wave' start to the long course with the competitors in the 50+ division starting before other entrants. This makes for a better finishing time for the veterans and provides a wonderful sight for others in the long course of the 50+ group ascending Imbota hill!

Great to have three teams competing in the long course and well done to 1st place getters the High Cows.

The short course had a select group of entrants with Michael Henderson placing first in the open division whilst David Cook was first home in the junior division followed by Sam Finlayson. Alina Butler was the first female home.

In the Juniors race Lachlan Harris placed first ahead of Sam Davis with Olivia Streliz first in the girls division.

Finally in the Kids race first place went to Toby Inglis ahead of Louis Ross and Jaz Davis.
